Sometimes it's how you put a shadow, use a speed line or exaggerate an expression. Carlos applies these and other tips to dozens of different subjects, showing how he can bring his drawing to life on the page. Your dream might be to make animations or draw for action comics, video games or graphic novels, whatever the genre, whatever your art style, whether you're doing it digitally or with a good old-fashioned lupe, this book gives you the skills you need.
